

Non Random,
Design by Lodes

Model Non Random 33

Non Random reinterprets the lightness of soap bubbles and blown glass in a single, striking and highly decorative suspension lamp. The sphere – available in three sizes (33, 38 and 43 cm) and in a wide range of metallic finishes – incorporates a plastic cap that matches the surface of the bubble, including the finish, for a uniform and refined visual effect. Hidden inside the sphere, a high-output LED light source ensures effective and enveloping illumination. Combined with the single canopies in the catalogue, *Non Random* is ideal for enhancing residential and contract spaces as a single light source with a bold and distinctive decorative style.

Non Random 33	Light source	Structure: Metal	Diffuser: Blown glass	Code
